

2007  
Spring Mountain  
Napa Valley  
Cabernet Sauvignon

Blend 100% Cabernet Sauvignon  
Total Production: 640 cases

**WINEMAKER NOTES** This very limited production of Cabernet Sauvignon from the Crowley Vineyard is pure “Spring Mountain” in its distinctive deep purple color, rich blueberry and exotic plum fruit, and its substantial weight and body. This unfiltered and unfinned wine is so pure and harmonious that it reinforces Spring Mountain’s reputation as great mountain appellation.

**VINEYARD CHARACTERISTICS** Joan Crowley’s Spring Mountain vineyard is a perfect fit for our mountain Cabernet portfolio from the highest elevations of Napa Valley. Topping out at nearly 2,000 feet overlooking the Valley, this vineyard’s rocky volcanic soil, varied hillside exposures and contours, and moderate climate combine to produce densely concentrated winegrapes. Located on the northeastern slopes of the Mayacamas range above St. Helena, Spring Mountain is cooled by afternoon breezes that flow from the nearby Pacific Ocean, creating moderate daytime temperatures and cooler nights which allow grapes to ripen slowly without pushing high alcohol and sugars.

**TASTING NOTES** *Aroma:* A gorgeous glassful of intense Spring Mountain blueberry, huckleberry and dark plum, underscored by a deep floral perfume of violets, iris and black rose petal, with a touch of crème brûlée, caramel and fresh loam. *Flavors:* The broad, sweet core of black cherry, fresh plum, and wild berry preserves is enriched by Mayacamas cassis, floral notes, cream, and a touch of graphite. *Finish:* The broad underpinning of smooth, polished tannins lifts the fruit to a gorgeous finish. *General:* A full-bodied, multi-dimensional wine with impressive balance and structure for extended aging. Decanting recommended.
