

Cabernet Sauvignon
ELEVATED™

ROBERT CRAIG WINERY

2014 MOUNT VEEDER CABERNET SAUVIGNON

95
pts

“... Blueberry, blackberry and cassis are all present in this full-bodied wine that displays the high-elevation bluer fruits that Mt. Veeder can provide. There is a

floweriness and full-bodied richness, big extract, but great balance. There is no rusticity. This beauty should drink well for at least 25-30 years of the year.” 12/29/16

“... Intense mountain tannins give the 2014 much of its personality. Smoke, cured meats, licorice and spices fill out the wine’s frame effortlessly. This is an especially huge, dramatic

Cabernet Sauvignon, especially within the context of the year. A surge of black cherry, smoke and chocolate leaves a lasting impression.” 12/30/16
